U.S.-Based Customer Support

PremiSys® access control is a powerful solution for protecting the security of your personnel, and it can also play an integral part in your employee health and safety programs.

When used with PremiSys access control, LobbyTECH will verify when personnel pass the health screening process and automatically unlock the entry door.

Who uses LobbyTECH?

- ◆ Office buildings
- ◆ Factories
- ◆ Hospitals and health care facilities
- ◆ Hospitality
- ◆ Real estate
- ◆ And others

Contact us today to discuss the latest compliance strategies for:

- ◆ Lobby and business entry reception & visitor management
- ◆ Health & vaccine monitoring & compliance
- ◆ In-facility monitoring and tracking
- ◆ Hybrid office hoteling - management of desk, conference room, audio/visual & other office resources
